DON'T WASTE MONEY ON "FAT" DOCTORS!

Anybody Can Reduce Fat at Home

If you are fat and wish to reduce quickly, don't go to a self-styled "fat doctor," but use the simple instructions given here and you will be as capable a fat-reducing expert as there is in the land. The qualifications are few and the expense trifling. Secure from your druggist one unbroken half-ounce package of Marmola, one-half ounce Fluid Extract Cascara Aromatic and three and one-half ounces Syrup Simplex, all of which are both cheap and plentiful in any drug store. Take them home and mix them together by shaking well in a large bottle. You are now ready to become a successful fat reducing specialist without further training or preparation. Simply take a teaspoonful of this pleasant mixture after each meal and at bedtime and you will make more progress taking off your excess flesh in thirty days than all the "experts" in the land could accomplish in half a year. This method of getting rid of flesh is, moreover, not only sure and safe but appeals strongly to the average fat person, man or woman. It gets results without interfering with one's diet, and it does it without the work of exercise.
